

JUST ABOVE THE WATER: FLORIDA FOLK ART

This exhibit features the fascinating works and lives of thirty-five Florida folk artists. These artists, in many cases self-taught, show us another perspective of life—one that is inspired by their everyday customs, their working and living environments, and their community traditions.

The exhibit is based on the book *Just Above the Water: Florida Folk Art* by Kristin Congdon and Tina Bucuvalas. The book is the culmination of a five-year project encompassing thorough on-site research and many hours of interviews with the folk artists.
